Frontend Developer

 Enugu, nigeria •  +2348101330834 •  ugonna013308@gmail.com •  <https://my-portfolio-hazel-eight-87.vercel.app/>

Summary

As a Front End Web Developer, I excel in crafting sweet and responsive designs using React, HTML, CSS, and JavaScript. What sets me apart is my top-notch problem-solving skill, allowing me to overcome challenges and deliver innovative solutions. With a blend of creativity and technical prowess, I transform design concepts into engaging user experiences. Passionate about staying at the forefront of web development trends, I'm committed to creating visually stunning and intuitive websites that captivate users.

Education

**University Of Nigeria, Nsukka** **January 2021**  
computer science

I pursued my academic journey in Computer Science at the esteemed University of Nigeria, Nsukka (UNN), where I gained a comprehensive understanding of fundamental principles and advanced concepts in the field. This educational experience equipped me with a strong foundation and a passion for solving complex problems through technology

**Self-Taught Coder | FreeCodeCamp Enthusiast** **January 2021**  
Frontend developer

Passionate about coding and self-driven, I acquired my coding skills through hands-on learning at FreeCodeCamp. Completed comprehensive challenges and projects, gaining a solid foundation in web development and programming languages. Eager to apply these skills in a professional setting and contribute to innovative projects.

Experience

**Best tech limited** **August 2022**  
frontend developer | internship Enugu, nigeria

Engaged in a rewarding internship at a leading enterprise, honing skills in frontend development. Collaborated on projects contributing to user interface enhancements and ensuring optimal user experiences. Acquired hands-on experience in HTML, CSS, and JavaScript. Eager to leverage this valuable internship experience in a dynamic professional setting.

**Oge enterprise** **May 2021**  
front end developer | internship lagos, nigeria

Hands-on experience as a frontend developer intern at oge enterprise. Applied skills in HTML, CSS, and JavaScript to contribute to web development projects. Collaborated with experienced teams to enhance user interfaces and deliver impactful digital experiences. Excited to transition these internship learnings into a full-time frontend developer role.

Projects

Gym Website

 <https://gym-website-eta-six.vercel.app/>

I crafted a dynamic and user-friendly gym website from the ground up, seamlessly blending aesthetics and functionality using HTML, CSS, and JavaScript. The site boasts a responsive design, ensuring a smooth and enjoyable experience for users across various devices. With intuitive navigation, I prioritized user convenience, making it effortless for visitors to explore and engage with the content. This project not only showcases my technical skills but also my commitment to delivering a visually appealing and accessible online space for fitness enthusiasts.

html, css, javascript

Movie Website

 <https://moviehub-dun.vercel.app/>

I crafted an engaging movie website using React and leveraged the power of the Fetch API to seamlessly retrieve and display dynamic content. The site is not only a showcase of my React proficiency but also a testament to its responsiveness, adapting seamlessly to different devices. By combining technical expertise with a keen eye for design, I created a user-friendly platform that offers a captivating experience for movie enthusiasts, embodying the perfect blend of form and function in the digital realm.

react, api

Hotel Website

 <https://spendior.vercel.app/>

I designed and developed a captivating hotel website using React, where functionality meets aesthetics seamlessly. By incorporating stunning designs, I aimed to create an immersive experience for users. The site is not only a testament to my technical proficiency in React but also a showcase of my commitment to providing a visually appealing and user-friendly platform. Its responsiveness ensures that potential guests can explore the site effortlessly, making a strong impression and enhancing the overall online presence for the hotel

react

Portfolio Website

 <https://portfolio-beta-teal-84.vercel.app/>

I crafted a personalized portfolio website for a friend, infusing it with creativity and functionality using HTML, CSS, and JavaScript. The site not only serves as a showcase for their talents but also embodies a commitment to a seamless user experience. With responsive design at the forefront, I ensured that the portfolio looks stunning and is accessible across various devices. This project highlights my ability to blend technical skills with an artistic touch, creating a digital space that truly reflects the uniqueness and talents of my friend.

html, css, javascript

Education Website

 <https://activelearn-website.vercel.app/>

I spearheaded the development of a comprehensive multipage education website utilizing the power of React. Through thoughtful design and meticulous implementation, I crafted a platform that seamlessly guides users through various educational facets. The use of React not only demonstrated my technical prowess but also facilitated an interactive and engaging user experience. Navigating through the pages is both intuitive and captivating, showcasing my dedication to creating a dynamic digital space for learners. This project not only reflects my proficiency in React but also my passion for making education accessible and enjoyable online
